

Wings of Grace Presents:

Healing White Dove Releases for your Loved One

A White Dove release for a funeral is one of the most loving and inspirational gifts to give to a loved one. The releasing of a white dove helps you to begin the grieving process by opening the doors to “letting go” and is sure to live on in the memories of all attending the service. At the end of the graveside service, family members release the doves from beautifully decorated baskets. The flock ascends into the sky waiting for the single dove to join them. Moments later, a single snow-white dove, representing your loved ones spirit, is then released by a family member. The spirit dove also ascends into the sky, joining up with the awaiting “Angels” and all together they disappear into the clouds as they make the final flight home.

**We would also like to give you “peace of mind” in knowing that, once released, these magnificent birds will return safely back to their home loft where fresh food, a cool bath and a loving mate awaits them.*

Our sincere heartfelt sympathy goes out to you and your family as we hold you in our thoughts and prayers during this most difficult time.
